

Bader Alamri

Software Engineer

✉ bader.ms.alamri@gmail.com ☎ +966500420762 🌐 Bader Alamri 📍 Riyadh, Saudi Arabia

SUMMARY

Software Engineering student with a solid understanding of the Software Development Life Cycle (SDLC) and experience gained through university coursework and the Holberton School – Tuwaiq Academy Software Engineering bootcamp. Skilled in programming, testing, and deployment using tools like Git, Docker, Jenkins, and GitHub Actions. Looking for a cooperative training (co-op) opportunity to apply my software engineering knowledge in real projects and develop practical DevOps skills.

EDUCATION

Bachelor`s Degree Software Engineering Prince Sattam bin Abdulaziz University GPA : 4.45	Nov 2022 – Present
Software Engineering Bootcamp Holberton School - Tuwaiq Academy	Feb 2025 – Nov 2025

CERTIFICATES

- Linux for Developers - Coursera [↗](#)
- Introduction to DevOps - Tuwaiq Academy [↗](#)
- DevOps Prerequisite Course - Coursera [↗](#)
- Git Basics for DevOps - Coursera [↗](#)
- Jenkins for Beginners - Coursera [↗](#)
- Docker Basics for DevOps - Coursera [↗](#)
- Kubernetes Basics for DevOps - Coursera [↗](#)

PROJECTS

- Rawi Mobile App – University Graduation Project**
Developed a social mobile app for writers and readers to create, publish, and share books.
- Mafhoos is a web app graduation project at Holberton School – Tuwaiq Academy**
Built a web application that connects users with workshops for car inspection, repair, and spare parts.
- Pomodoro Desktop App – a time management tool for focus and productivity**
Developed a desktop productivity app using design patterns (MVC, Observer, Singleton).
- osTicket Website Testing – IEEE, Katalon, and TestRail**
Conducted test automation and management for osTicket web system using Katalon Studio and TestRail.

SKILLS

- Software Engineering: OOP, SDLC, Data Structures, Debugging
- Frameworks: Flask
- DevOps Tools: Git, Docker, Jenkins, GitHub Actions, Kubernetes
- Version Control & Collaboration: Git Workflows, Branching Strategies, Agile Methodologies, Jira
- Programming Languages: Python, Java, JavaScript
- Databases: MySQL, Oracle SQL
- Systems & Cloud: Linux, CI/CD Pipelines, Deployment Automation, Containerization
- Soft Skills: Collaboration, Communication, Problem-Solving, Time Management
